The Perfect Cache

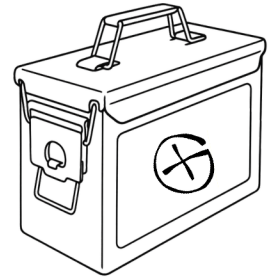

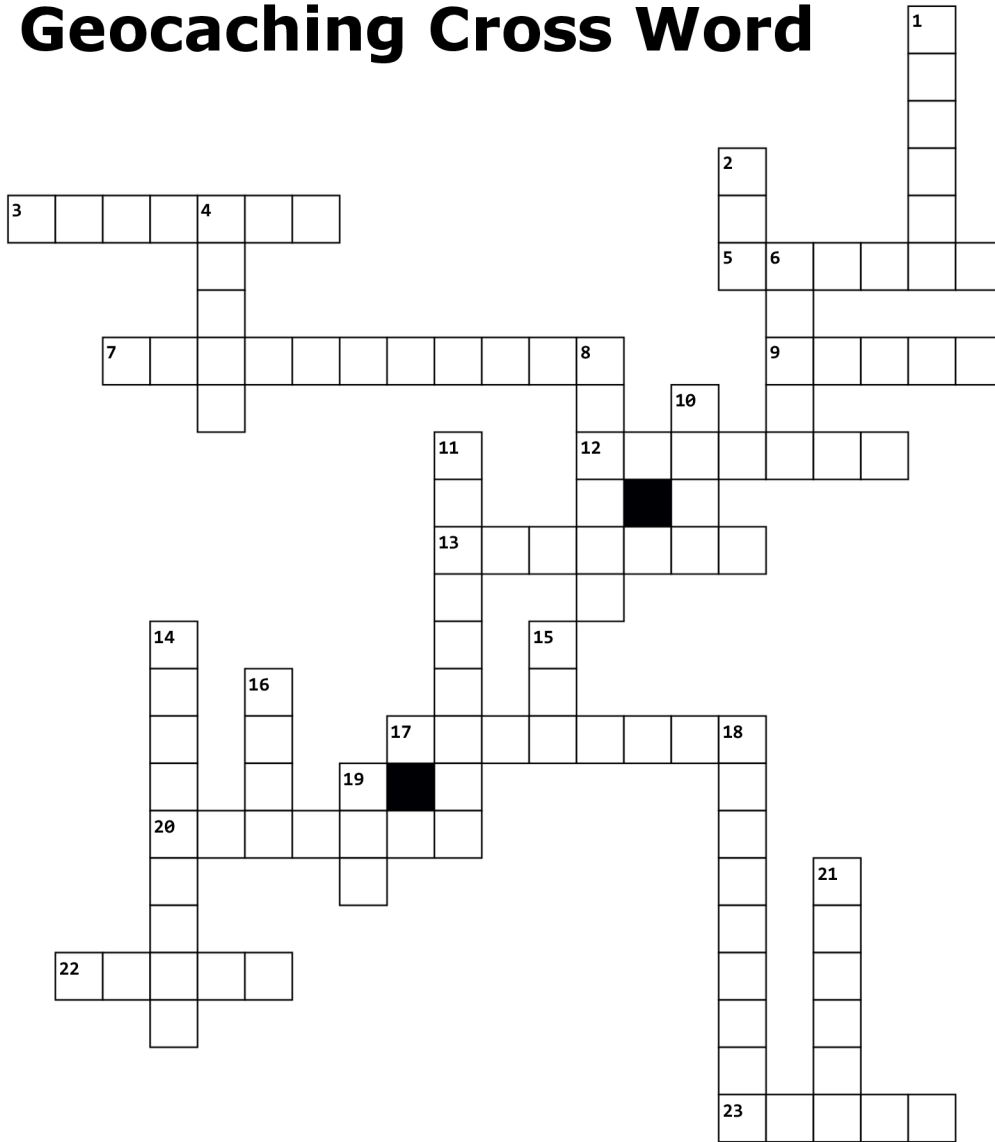

What is your favorite geocache you have found?

Where was it?

Was there any cool toys or trinkets inside?

Geocaching Cross Word

Across

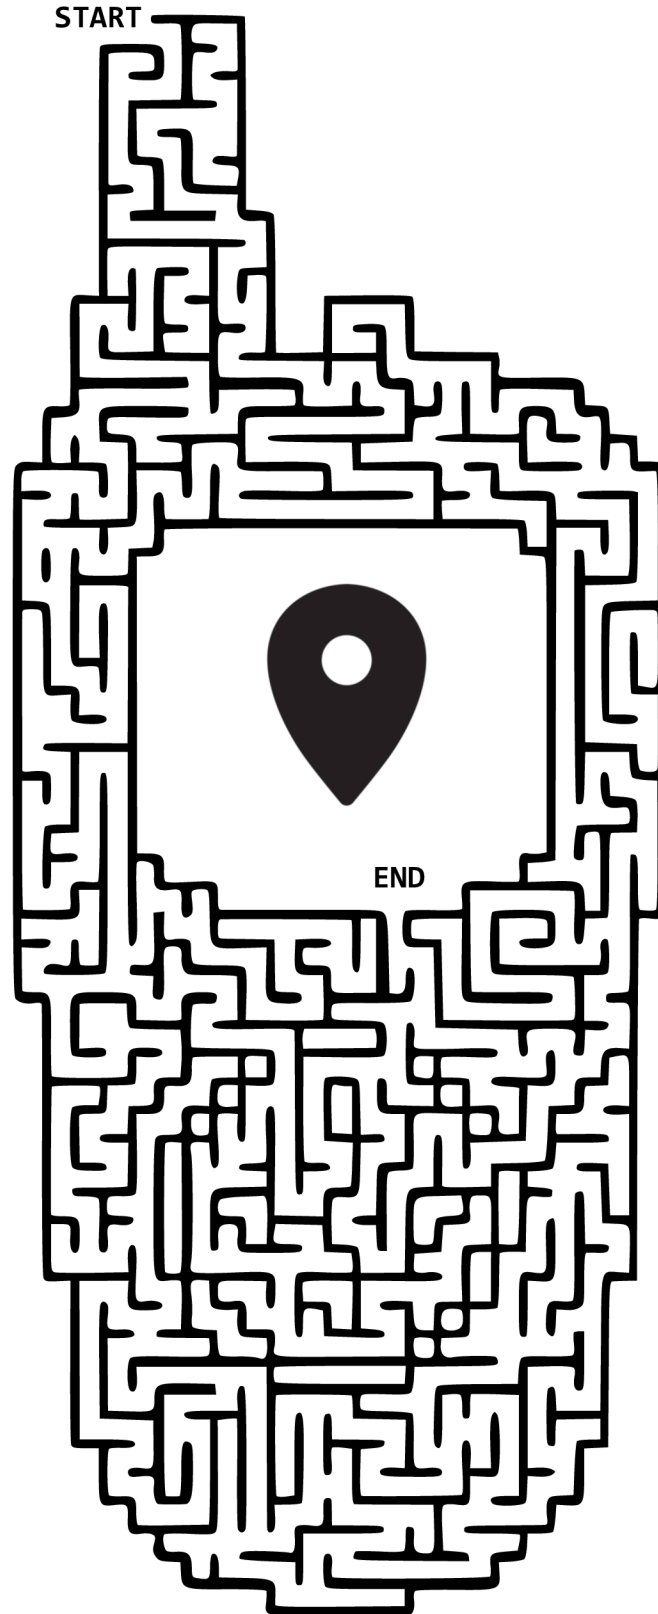

3. A large, durable geocache container
5. The symbol you earn for finding a cache
7. Numbers that show the cache location
9. A hidden container you are trying to find
12. A collectible metal coin with a trackable code
13. Being sneaky so muggles don't notice
17. A marked location on your GPS device
20. What you sign when you find a cache
22. What you use in a letterbox cache log
23. A gathering where geocachers meet up

Down

1. Someone who is not a geocacher
2. The tool that helps you locate the cache
4. A small metal tube often used as a micro cache
6. A very small cache container
8. The official geocaching frog mascot
10. Something helpful for finding or opening caches
11. Going through thick vegetation to reach a cache
14. The starting point of a trail
15. Something that shows locations and directions
16. Small tradeable items found in caches
18. An item that travels from cache to cache
19. What you write after finding a cache
21. A cache type that must be solved first

GPS MAZE

GPS became accurate for everyone on Blue Switch Day in 2000. That's when geocaching became possible! Now GPS helps point you toward the hidden cache.
